10 CFR Ch. X (1–1–11 Edition)

substantial interest in the determination of the request, or among two or more components of the Department having substantial subject matter interest therein.

(3) The requester must be promptly notified in writing of the extension, the reasons for the extension, and the date on which a determination is expected to be made.

(4) If no determination has been made at the end of the 10-day period, or the last extension thereof, the requester may deem his administrative remedies to have been exhausted, giving rise to a right of review in a district court of the United States as specified in 5 U.S.C. 552(a)(4). When no determination can be made within the applicable time limit, the responsible Authorizing Official will nevertheless continue to process the request. If the DOE is unable to provide a response within the statutory period, the Authorizing Official will inform the requester of the reason for the delay; the date on which a determination may be expected to be made; that the requester can seek remedy through the courts, but ask the requester to forego such action until a determination is made.

(5) Nothing in this part shall preclude the Authorizing Official and a requester from agreeing to an extension of time for the initial determination on a request. Any such agreement will be confirmed in writing and will clearly specify the total time agreed upon.

§ 1004.6 Requests for classified records.

(a) All requests for classified records and Unclassified Controlled Nuclear Information will be subject to the provisions of this part with the special qualifications noted below.

(b) All requests for records made in accordance with this part, except those requests for access to classified records which are made specifically pursuant to the mandatory review provisions of Executive Order 12356 or any successor thereto, may be automatically considered a Freedom of Information Act request.

(c) Concurrence of the Director of Classification is required on all responses involving requests for classified records. The Director of Classifica-

tion will be informed of the request by either the Freedom of Information Officer or the Authorizing Official to whom the action is assigned, and will advise the office originating the records, or having responsibility for the records, and consult with such office or offices prior to making a determination under this section.

(d) The written notice of a determination to deny records, or portions of records, which contain both classified material and other exempt material, will be concurred in by the Director of Classification who will be the Denying Official for the classified portion of such records in accordance with §§ 1004.5(c) and 1004.7(b)(2). If other DOE officials or appropriate officials of other agencies are responsible for denying any portion of the record, their names and titles or positions will be listed in the notice of denial in accordance with §§ 1004.5(c) and 1004.7(b)(2) and it will be clearly indicated what portion or portions they were responsible for denying.

(e) Requests for DOE records containing classified information received from another agency, and requests for classified documents originating in another agency, will be coordinated with or referred to the other agency consistent with the provisions of § 1004.4(f). Coordination or referral of information or documents subject to this section will be effected by the Director of Classification (in consultation with the Authorizing Official) with the appropriate official of the other agency.

(2) *Persons responsible for denial.* A statement setting forth the name and the title or position of each Denying Official and identifying the portion of the denial for which each Denying Official is responsible.

(3) *Segregation of nonexempt material.* A statement or notation addressing the issue of whether there is any segregable nonexempt material in the documents or portions thereof identified as being denied.

(4) *Adequacy of search.* Although a determination that no such record is known to exist is not a denial, the requester will be informed that a challenge may be made to the adequacy of the search by appealing within 30 calendar days to the Office of Hearings and Appeals.

(5) *Administrative appeal.* A statement that the determination to deny documents made within the statutory time period, may be appealed within 30 calendar days to the Office of Hearings and Appeals.

It should also include a discussion of all relevant authorities, including, but not limited to, DOE (and predecessor agencies) rulings, regulations, interpretations and decisions on appeals and any judicial determinations being relied upon to support the appeal. A copy of the letter containing the determination which is being appealed, must be submitted with the appeal.

(c) *Receipt of appeal.* An appeal will be considered to be received for purposes of 5 U.S.C. 552(a)(6) upon receipt by the appeal authority. Documents delivered after regular business hours of the Office of Hearings and Appeals are considered received on the next regular business day.

(d) *Action within 20 working days.* (1) The appeal authority will act upon the appeal within 20 working days of its receipt, except that if unusual circumstances (as defined in §1004.5(d)(2)) require an extension of time before a decision on a request can be reached, the appeal authority may extend the time for final action for an additional 10 working days less the number of days of any statutory extension which may have been taken by the Authorizing Official during the period of initial determination.

(2) The requester must be promptly notified in writing of the extension, setting forth the reasons for the extension, and the date on which a determination is expected to be issued.

(3) If no determination on the appeal has been issued at the end of the 20-day period or the last extension thereof, the requester may consider his administrative remedies to be exhausted and seek a review in a district court of the United States as specified in 5 U.S.C. 552(a)(4). When no determination can be issued within the applicable time limit, the appeal will nevertheless continue to be processed; on expiration of the time limit the requester will be informed of the reason for the delay, of the date on which a determination may be expected to be issued, and of his right to seek judicial review in the United States district court in the district in which he resides or has his
